

Umang Enterprises

About Us

Umang Enterprises stands as a cornerstone in the agro-based industries, proudly serving as a trusted supplier of high-quality products for over 15 years. Our journey through the decades has been marked by a steadfast commitment to excellence and reliability, solidifying our reputation as the go-to provider for superior high-quality products in Odisha and beyond. We have become synonymous with quality, integrity, and innovation.

Serving the Government sectors across Odisha and the surrounding regions, Umang Enterprises has established itself as a reliable partner in development and progress. Our comprehensive product range and exceptional service have made us a preferred choice among government agencies, ensuring that their projects are executed with precision and efficiency. We understand the critical role that these sectors play in the growth and development of our region, and we are committed to supporting them with our unparalleled expertise and resources.

Over the years, we have invested in state-of-the-art technology and infrastructure, allowing us to maintain the highest levels of production efficiency and product quality. Our facilities are equipped with advanced machinery and quality control systems that ensure every product we produce adheres to stringent quality standards. This relentless focus on quality has earned us numerous accolades and certifications, further reinforcing our position as a leader in the agro-based industry.

At **Umang Enterprises**, our team of dedicated professionals is our greatest asset. Their knowledge, experience, and passion for excellence drive our success and enable us to exceed our customers' expectations consistently.

Our Mission

Umang Enterprises is steadfastly dedicated to becoming the leading provider of premium wires and fences in Odisha. Our unwavering commitment is focused on creating an environment of security, trust, and reliability. With a deep-rooted passion for excellence, we aim to set new standards in quality and service, ensuring that every product we deliver contributes to the safety and satisfaction of our customers. Through continuous innovation and a customer-centric approach, we strive to be the trusted choice for all your fencing needs, shaping a future where secure and reliable solutions are always within reach.

Our Vision

At Umang Enterprises, we dream big. We don't just see fences; we see the foundation for a safer Odisha. Our vision extends far beyond securing individual properties—it's about building a future where security is seamlessly integrated into our community. We believe that every fence we install contributes to a larger goal of creating a secure and trustworthy environment for everyone. Through our commitment to quality and innovation, we are dedicated to fostering a sense of safety and peace of mind across Odisha, one fence at a time.

Our Value

At Umang Enterprises, we understand that security is more than just a product; it's a core value. This value is the foundation upon which we build trust with our customers and contribute to a safer community. We are committed to quality, ensuring every product meets the highest standards of durability and performance. Our customer-centric approach prioritizes the unique needs of each client, offering tailored solutions for optimal security and satisfaction. Integrity and trust guide our business, fostering long-lasting relationships through honesty and transparency. We continuously innovate, staying ahead of industry trends to deliver cutting-edge solutions.

Our Team

The team at Umang Enterprises is the foundation of our success, they embody the company's mission and core principles by bringing a wealth of knowledge and experience to the table, our dedicated specialists make sure that every part of our company runs efficiently, every individual contributes significantly to our ongoing pursuit of quality, from the executive team to the manufacturing floor.

Our Quality

Our uncompromising dedication to quality at Umang Enterprises sets us apart in the fencing sector. We guarantee that our customers receive the best fencing solutions possible, with every product we sell standing as a testament to our commitment to excellence. By prioritizing durability and performance, we ensure that each fencing solution not only meets but exceeds industry standards, providing our customers with reliable and long-lasting security.

(Also order taken as per specification.)

Advantage Net:

A) U.V. stabilized for long life

B) Fungus Resistant

Barbed Wire

It is high quality based galvanized Barbed Wire, which is manufactured, using superior grade of zinc, coated steel wire and are extensively used for fencing purposes. They are manufactured strictly in accordance with BIS and IEC specification and other international standards. Widely used for fencing purposes as an anti theft device on poles and sub-stations, our gamut of galvanized steel barbed wires is high in quality and durability. These wires are manufactured using zinc coated steel wire where 2 ply wires are treated as lined wire and point wire.

Available in innumerable coils, our Barbed Wire is suitable for fencing of industry, agriculture land animal husbandry, dwelling house, plantation besides several other fencing applications.

Available Sizes:

12x12 gauges Double Ply

14x14 gauges Double Ply

G.I. Chain Link Mesh

Galvanized Iron Wire Chain Link Fence is made in two shapes - Square and diamond. As the name suggests, its most common application is to provide fencing across boundaries for security. It is also known as Garden Fencing. It is mostly manufactured in hot dip **Galvanized Wire (G.I)**. For decorative purposes, it is also manufactured with PVC coating of different colors.

It is applied mainly in fencing, agriculture fields, farms, houses, and animal enclosures. Add to that it is also used in roof support in long wall stone holdings.

Material: G.I, PVC Coat, Stainless Steel.

Gauge: 8 Gauge, 10 Gauge, 12 Gauge, 14 Gauge

Hollow Gap Size: 3"x3", 4"x4", 5"x5"

Height: 4FT, 5 FT, 6FT

*As per customer requirement any dimensions in height, length, and width can be provided.

G.I. Welded Wire Mesh

Galvanized Welded Wire Mesh Is traditionally Utilized as guards in buildings and factories, as animal enclosure and fence in agriculture industry as tree guards, plant protector and for other purpose. Stainless Steel Welded Wire Mesh enjoys excellent corrosion resistance, beautiful look, and longer life.

When compared with galvanized welded iron wire mesh or PVC coated welded iron wire mesh, it can compensate for its seemingly higher cost. We supply stainless steel welded wire mesh made with wire diameter from 1.2mm to 0.65mm at roll width from 0.4m to 1.8m, and offer customized length as per the request.

Material: G.I, PVC Coat, Stainless Steel.

Gauge: 8 Gauge, 10 Gauge, 12 Gauge, 14 Gauge

Hollow Gap Size: 3"x3", 4"x4", 5"x5"

Height: 4FT, 5 FT, 6FT

*As per customer requirement any dimensions in height, length, and width can be provided.
